Ms. Jocelyn Boyd
Chief Clerk and Administrator
Public Service Commission of South Carolina
101 Executive Center Drive, Suite 100
Columbia, SC 29210

RE: Piedmont Natural Gas Company, Inc.
Notice of New Natural Gas Construction Project
Docket No. 2012-278-G

Dear Ms. Boyd:

Piedmont Natural Gas Company, Inc. ("Piedmont" or "Company") is required to notify the Public Service Commission of South Carolina ("Commission") "of any construction projects resulting in a cost of \$500,000 or more." See 26 S.C. Code Ann. Reg. 103-412.2.7. In compliance with Commission regulation, this letter serves as notification to the Commission that Piedmont plans to replace the Union Bleachery regulator station. The station is located within the bounds of an active USEPA Superfund Site with contaminated soils, ground water and surface water. Replacement of the station would mitigate access issues and environmental hazards related to the station's location. This project consists of replacing the entire station including regulators, meters, 10-inch steel inlet piping (design pressure: 1000 psig) and 12-inch steel outlet piping (design pressure: 75 psig) as well as removing the existing station and equipment. All inlet and outlet piping outside of the EPA Superfund site at Union Bleachery will be rerouted. Project F0230755 is in Greenville and Piedmont expects to complete construction by August 31, 2021.

By copy of this letter, Piedmont is also notifying the ORS of this construction pursuant to S.C. Code Ann. Reg. 103-412.2.7(A).

Please do not hesitate to contact us with any questions.

Sincerely,

/s/ T. Richmond McPherson III
T. Richmond McPherson III
